

## STEAM GIFTCARD CARDING

Visit to this link;

<https://www.g2a.com/en/steam-gift-card-global-20-usd-steam-key-i10000000258091>

Add 5-10 20\$ each steam card in your shopping cart.

Click on Buy Now

Now choose Skrill to Pay.

Now come to main point.

1. Prepare valid cards, find some cards from non-vbv boxes from these countries, Iceland, Turkey, Japan, Peru or using some USA & Canada that can make the password like this boxes 415747, etc.
2. Make new e-mail with gmail.com with card information
3. Buy PURE VPN (without dns leak) and pick country (enable kill switch)
4. Find Clean Socks5 ( Never use vip72 socks for carding) the same as the country of cards [ note : check your socks quality on whoer.net , check2ip.com ] < best socks5 > fish proxy or premsocks.com or 911.re
5. Set the computer / phone time as well as the country time of the card
6. Using Mozilla, put socks5 on it . Better if you have antidetect/fraudfox. (you can buy fraudfox from me)

ADDON THAT GONNA HELP : FOXYPROXY ; USER AGENT SWITCHER (change your browser fingerprint)

7. Go to websites, make 1 order under <\$ 100 value, go to basket> Checkout> Choose Payment> Choose Skrill> Pick Visa / Mastercard> Registration / Registration> using card information + new email> confirm link in email

8. After registering, wait about 1-2 hours and continue to insert all the cards

9. Have problems verifying US phone number? Here are solutions : a) have someone having legit US phone number and take help from him.b) textnow.com – free (voip) \*\*you can open textnow.com Acc with gmail account

c) <https://app.truverifi.com/login>

(phone numbers for account verification, 'gmail' 'gvoice' etc.)

10. You will receive your request in an email.

11. You will receive your Steam Gift Code within 5 minutes.For Converting Into Bitcoin you can exchange this gift code for Bitcoin on [localbitcoins.com](http://localbitcoins.com) or [paxful.com](http://paxful.com)
